

Cattle Mineral

Available in 50lb

Purpose

Our Certified Organic Cattle Mineral is to be fed as a free-choice mineral mix to supplement nutrition. Fortified with Certified Organic kelp, this mineral helps boost animal performance in both meat and milk production. Kelp is a nutrient dense product that supports hormone balance, lactation, and gestation.

Feeding Instructions

Offer free-choice to cattle. Average intake should be 1/4 to 1/2 ounce per head per day depending upon the mineral requirements of the animal.

GUARANTEED ANALYSIS

<i>Calcium, maximum</i>	_____	9.00 %
<i>Calcium, minimum</i>	_____	8.00 %
