

# CLASSIC LAYER FEED

Available in 25lb, 50lb, 1/2 ton, and 1 ton

## Purpose

Our Certified Organic, soy-free, 17% protein Classic Layer Feed is a complete, nutritional feed of cracked and milled grains supplemented with vitamins, minerals, and probiotics. Designed for adult laying hens, this feed supports strong egg shells and digestive health to keep your laying flock in pristine health.

## Feeding Instructions

Feed layer ration free choice from 16 weeks of age or first egg throughout the egg production cycle. Always provide plenty of fresh water. While this feed is balanced to meet average laying hen nutritional needs, we recommend providing free choice calcium shell to further support your flock's laying needs. Layer/Developer grit should also be provided free choice to help birds self-regulate their intake to best suit their individual needs and improve feed efficiency during digestion.
