

Dairy Cattle Feed

Available in 40lb, 1/2 ton, and 1 ton

Purpose

Our Certified Organic 16% Protein feed for Dairy Cattle is formulated to support growth, lactation, gestation, and general maintenance of dairy cattle. Made exclusively with North American organic grains, this feed is balanced with probiotics, kelp, and other minerals to best meet your herd's needs.

Feeding Instructions

For general maintenance, feed 1 to 3 pounds per 100 pounds of body-weight per head per day. For lactating cows, feed 1 pound of grain per 3 pounds of milk production. Feed as a supplement to good quality forage. Feeding rate may be adjusted as needed for desired level of production or according to life stage needs.

GUARANTEED ANALYSIS

<i>Crude protein, minimum</i>	16.00 %
<i>Crude fat, minimum</i>	3.00 %
