

Corn-Free Layer Pellets

Available in 35lb and 1 ton

Purpose

Our Certified Organic, Soy-Free, Corn-Free Layer Pellets are made without corn to better aid flocks living in hotter environments. Formulated for laying hens aged 16 weeks or older, this is a complete nutritional feed of milled grain that's supplement with kelp, organic alfalfa, and Poultry Nutribalancer and combined in an easy to feed pellet. It is formulated with additional calcium for eggshell strength and organic flaxseed to increase the omega-3 content of the eggs.

Feeding Instructions

Feed layer ration free choice from 16 weeks of age or first egg throughout the egg production cycle. Always provide plenty of fresh water. While this feed is balanced to meet average laying hen nutritional needs, we recommend providing free choice calcium shell to further support your flock's laying needs. Layer/Developer grit should also be provided free choice to help birds self-regulate their intake to best suit their individual needs and improve feed efficiency during digestion.

GUARANTEED ANALYSIS

Crude protein, minimum	17.00 %
Lysine, minimum	0.90 %
Methionine, minimum	0.30 %
