

# Low Starch

Available in 40lb, 1/2 ton, and 1 ton

## Purpose

This feed is formulated for easy keepers or those with metabolic disorders that may require a lower starch diet.

The NSC level of this feed is 22, which is perhaps higher than some conventional low starch feeds. This is because each ingredient included in this feed has purpose in meeting the nutritional requirements of your horse in as little as 1-2lb per day. Fortified with probiotics, digestive enzymes, vitamins and minerals, this feed supports the overall health of your horse. Made with no antibiotics, pesticides, or additives. Non-GMO.

## Feeding Instructions

Feed 0.2lb per 100lb of body weight per day for the maintenance of mature horses. We recommend soaking this feed in cool water for at least 30 minutes prior to feeding.
