

# Rabbit Pellets

Available in 25lb, 40lb, and 1 ton

## Purpose

Fortified with vitamins, minerals, and probiotics to boost digestive health, our beautiful rabbit pellets are a great boost to your bunny's diet. These pellets are designed to support growth, breeding, and general maintenance diets.

## Feeding Instructions

As a maintenance ration, feed 1/8 cup per 5 pounds body weight per rabbit per day. **Rabbit pellets should not comprise more than 10% of total diet.** Provide plenty of clean, fresh water alongside hay, especially timothy hay, fresh grass and vegetables approved for rabbit diets. For young, growing rabbits feed free choice until 6 to 8 months old, then decrease to maintenance rate.
