

# Cool Stance®

## Premium Copra Meal

- 100% dried, cooked and ground coconut
- Chemical and GMO free
- May be beneficial for conditioning, weight gain, coat shine and hoof health
- Aflatoxin tested

### Why Cool Stance®?

Cool Stance is a premium quality copra meal, made from the white part of the coconut, which is dried, baked and ground. It is a totally natural product and is chemical and GMO free. It is produced by just one copra mill in Papua New Guinea and is of assured quality and routinely tested for Aflatoxins.

The oil in Cool Stance (coconut oil) is highly saturated and rich in medium Chain Fatty Acids. This means it is highly stable (not prone to rancidity) and can provide your horse with ready energy.

Horses love the taste of Cool Stance. It is rich in quality protein, and high in oil which means that it can help with coat condition. Best of all, CoolStance contains virtually no starch, so will not cause starch-related disorders such as tying up, laminitis or excitable behaviour.

### Feeding Directions

Introduce gradually over 14 days. May be fed wet or dry, we do not recommend soaking for long periods of time. To be fed with additional roughage such as hay or pasture to ensure diet of sufficient long fiber. Recommended rates based on a 1000lb horse. Store in a cool dry place. CoolStance shelf life is 24 months from date packed.

#### Foals:

Free choice in creep feeder

#### Weanlings and horses in spelling or recovery:

Per day: 1.1lbs - 2.2lbs

Broodmares: Increase to 6.6lbs/day in last trimester

## Suggested Product Combinations

Gastro Buf - For supporting digestive function and proper stomach pH. Contains pre and pro-biotics for intestinal health.

Turmeric - A combination of turmeric, PowerStance powdered coconut oil, black pepper and resveratrol in a convenient powder form. Ideal for horses with joint issues and skin conditions

## Typical Analysis (as fed)

Dry Matter	90%
Minimum Crude Protein	20%
Digestible Energy (calories per pound)	1630cal/lb
Oil	8%
Crude Fiber	12-15%
Non Structural Carbohydrate (NSC)	11%
Calcium	0.058%
Phosphorus	0.56%

## Testimonial

*"One of our vets highly recommended Cool Stance for one of our rescues with cushings and what a huge difference it has made! She came to us with a terrible coat, covered in fungus, white line in all feet, many missing teeth and a very broken spirit.*

***She LOVES the CoolStance. It's so easy for her to eat, has really helped out her coat and definitely put some pep in this old lady's step!"***
